UNLOCK YOUR CHILD'S TRUE POTENTIAL WITH PERSONALISED ACHIEVE JOURNEYS

ACHIEVE provides **a personalised learning journey tailored to every child's strengths and weaknesses.**

Your child can create as many Achieve journeys as they want to master a part or even the whole syllabus.

Diagnostic tests **identify your child's every learning gap, from current as well as previous grades.**

Taking personalised Achieve journeys not only fills your child's learning gaps but also **boosts their problem-solving accuracy by 11.61%.**

THE ULTIMATE APP TO SUPPORT AND ELEVATE YOUR CHILD'S LEARNING

With EMBIBE for Parents, **you can now track your child's effort and progress** in just a few clicks.

Track your child's progress and learning activities, including school performance and **have meaningful parent-teacher meetings.**

Create your own assignments or use AI to **generate teacher-like assignments for your child, instantly.**

Lastly, **with the EMBIBE for Parents App,** support your child and watch them grow, every step of the way.

EMBIBE

DO YOU KNOW WHAT'S WORSE THAN SCREEN TIME?

No personal attention for your very own ____

GET YOUR CHILD THE HELP THEY NEED IN SYNC WITH THEIR SCHOOL

With EMBIBE Student App connected to EMBIBE for Schools, **your child will get everything they need to unleash their true potential, from home.**

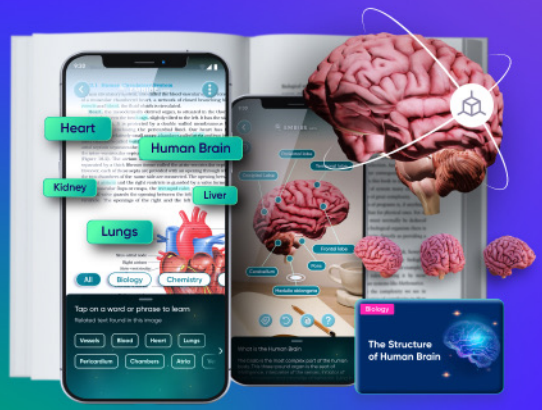
Our 3D immersive videos will help your child to easily visualise concepts and can **increase accuracy by 5.3%, ensuring maximum learning outcomes**.

Regular Practice and test sessions with **in-depth analysis of learning and behavioural gaps can increase your child's test scores by up to 50%.**

Teachers can track your child's progress, identify their learning gaps, and **remediate** them with pinpoint precision.

Your child gets all-round support with Mb, their personal **AI powered learning buddy, available 24/7 to help them** with any academic or non-academic queries they have.

EXPLORE TOGETHER WITH EMBIBE LENS



EMBIBE Lens **transforms every book into a smartbook with stunning 3D content.**

A simple scan of any page of any book can give your child access to **47,000+ 3D labelled assets, unlimited learning videos and engaging activities**.

Your child can easily **track their full learning history and revisit topics anytime** from their smartphone.

Every concept is tagged and designed to deliver maximum learning outcomes.

LET YOUR CHILD REINVENT SCIENCE WITH EMBIBE LAB EXPERIMENTS

EMBIBE Lab Experiments **transforms your child's device into their very own virtual science laboratory, accessible at their fingertips.**

Every experiment comes with an objective **and underlying theory videos**.

Your child can now learn with hands-on, **Do-it-Yourself experiments with step-by-step instructions and detailed 3D visualisations.**

Assessments through interactive 3D evaluations help your child test out their knowledge.

Your child gets the freedom to explore unlimited interactions and experiment in a safe environment.
